

## Introduction

UniQuartz created from nature's resplendent light and wind, transports nature's beauty to all of your daily living spaces through natural and sophisticated textures and patterns. UniQuartz upgrades the levels of distinction and luxury in all your living spaces.

## Technical

UniQuartz uses 93% Natural Quartz and is the highest graded product among all of UniQuartz surface materials. UniQuartz is a significant improvement over natural stone in terms of moisture absorption and hardness while maintaining the naturally beautiful external appearance of stone by using natural quartz and high performance polymer resin.

## Care and Maintenance

- UniQuartz provides a warmer feeling than natural stone. It is also less porous and is therefore more resistant to contamination.
- Maintenance of UniQuartz is very easy. The product's high performance can simply be maintained with a soft sponge and neutral detergent.
- Harsh detergents with grinding agents are unnecessary and their use is not recommended.
- Although UniQuartz is strong and resistant to heat, do not directly place hot pots of similar items directly on the UniQuartz surface.
- Dirt and food should be cleaned from the benchtops as soon as practical.
- Direct use of knives on the benchtop surface may cause surface scratches; please place a cutting board between the blade and the benchtop.
- UniQuartz gloss can be maintained by cleaning regularly with a soft cloth or sponge dipped in neutral detergent.
- UniQuartz can be cleaned simply by washing with a cloth or paper towel. Sticky stains or severe contamination can easily be washed using neutral detergents with a non-scratch pad.

## 10-Year Limited Warranty

UniQuartz Limited offers a 10-year limited warranty on UniQuartz quartz surfacing, warranting that the material will be free of manufacturing defects. This warranty covers products defects for a period of ten years after the date of installation. If it is determined by UniQuartz Limited or its authorised warranty service agent that a defect in the material exists within the ten-year period, UniQuartz Limited will, at its sole option, repair or replace the defective UniQuartz materials in accordance with the following warranty provisions and exclusions.

This warranty applies to UniQuartz quartz surface products installed after the 1<sup>st</sup> of May 2014.

### Terms and Conditions:

1. The 10 year limited warranty applies to UniQuartz quartz surface materials only; and
2. The 10 year limited warranty applies to UniQuartz quartz surfacing materials that have been fabricated and installed in accordance with the Fabrication Guidelines for transportation, storage, handling, fabrication and installation. Improper fabrication or installation is the responsibility of the fabricator/installer; and
3. This warranty applies to UniQuartz quartz surface materials that have been permanently installed in an interior application and have not been moved from the original location

### Exclusion:

This warranty shall not apply to:

1. Products and/or materials that have not been paid in full
2. Issues or occurrences that are inherent characteristics of quartz surfacing, regardless of whether viewed as a defect by the Purchaser.
3. Damage caused by faulty or improper fabrication and installation, including but not limited to, seams, seam performance and caulking.
4. Damage caused by any instability, or improper support occurring in the cabinets in which the product has been installed, including but not limited to, shifting, settling or movement of the cabinets.
5. Damage caused to any materials that have been moved, removed or relocated from its original place of installation.
6. Damage caused by any form of abuse, exposure to excessive heat, accidents or misuse, including but not limited to, scratches, stains, chips or cracks.
7. Products in which the factory applied surface finish has been altered in any way, and/or damage caused by chemicals.
8. Product installed with known or visible manufacturing defects at time of installation
9. Colour variance or variations in colour, shape, size or distribution of particulates inherent in the natural quartz or natural variations in background colour or pattern.
10. Other repairs and modifications, including but not limited to, plumbing, electrical, tile and cabinets that may need to be performed to properly repair or replace the UniQuartz quartz surfacing materials.
11. All outdoor or none-interior applications, regardless of coverage or exposure to the elements.

UniQuartz Limited is not responsible for damage or injury caused in whole or part as acts of God, job site conditions, architectural or engineering design, structural movement, acts of vandalism or accidents. No other

express or implied warranties of merchantability or fitness for a particular purpose are made by this warranty except for those expressly provided herein. Under no circumstances shall UniQuartz Limited be liable for any loss or damage arising from the purchase, use or inability to use this product, or for any special, indirect, incidental or consequential damages.

In no case will UniQuartz Limited be liable for labour to remove and/or reinstall UniQuartz, or other similar activities necessary to complete the replacement or removal of the defective material.
